Each participant "sells" 100 boxes. The boxes can be a designated amount of your choice. Random numbers 0-9 will be generated for each box.

Prizes will be awarded as follows:
1st Quarter: $
Half Time: $
3rd Quarter: $
Final Score: $

Each box will be given a different random number to prevent you from getting dud numbers for the entire game and everyone multiple chances to hit one of the pool prizes.

Of the money collected, half will go toward prizes to be awarded and half will be donated to the Down Syndrome Advocacy Foundation.
